7: Renewals

Instructors are reminded that should they allow their membership to lapse until the end of the Foot & Mouth restrictions, there will be no problem in reinstating their licences and ratings upon renewal. The standard procedure of sending out renewals and reminders will continue but all Instructors should have received a letter in March explaining that renewal could be deferred. Similarly, schools should also have received a letter confirming that they will not be penalised delaying renewal until they are able to operate again.
